## WELCOME

The Coaching Staff and Board of Directors wish to welcome you to the Riptide Swim family. Our members discover it's fun to challenge the body and the mind to find their limits without regard to rewards. Our members find friendship and support here at OC Riptide Aquatics. We consider competition to be healthy when handled in an intelligent manner and feel it is important for our swimmers to enjoy day-to-day training. Our goal is to have OC Riptide Aquatics enhance your lives and be a positive part of your life experience.

## SWIM PROGRAMS

Orange County Riptide Aquatics Club Swim Team is proud to offer a wide variety of programs for our members. This handbook will provide you with all the pertinent information about policies, procedures, protocols for the 3 main programs we offer. The first is our Age-Group Competitive Swim Team which is governed by USA Swimming under the official name Orange County Riptide Aquatics Club (OC Riptide, or RIPT). We also offer the adult competitive Masters Swim Team which is governed by United States Masters Swimming under the official name Orange County Riptide Masters. Finally, we offer a variety of swimming classes for beginners and will refer to all those in this handbook as Learn-To-Swim programs.

## OUR PHILOSOPHY

We are a competitive swimming program dedicated to advancing swimmers to the highest levels of achievement within our sport. Riptide Swim Staff believe in a personalized approach to developing swimmers. Our coaches will give each swimmer a strong foundation in stroke technique and from there build speed, flexibility, power, endurance and conditioning. The values of respect, good sportsmanship, discipline, and integrity, are at the core of OC Riptide Aquatics and are cultivated in every swimmer. We believe the bonds of friendship are an integral part of the swimmers' enjoyment and experience at OC Riptide Aquatics. We are a non-profit organization that is community driven. We strive to recognize the needs and desires of our swimmers, and guide them so that they may realize their full potential as athletes and as individuals.

### Program Fee Rationale

As a competitive swimming program dedicated to advancing swimmers to the highest levels of achievement within our sport. We follow a progression that takes many years and as each child advances the cost of participation increases. The monthly fees have been assessed accordingly. Program fee rates are determined for each training group based on the following:

- The number of swimmers who can be placed in the space available for the group
- Staff preparation and administrative time required
- The types of competition and associated costs (travel, lodging, gear, etc.)
- Facility usage cost associated with the group's training plan

Please understand the volume of training necessary for any given group fluctuates throughout the year and can be adjusted by the coaching staff to meet the needs of the athletes or to accommodate facility use restrictions. Your monthly fees are aggregated to meet the needs of the entire program throughout the year. They are not based on time in the water or practices per week, these are determined by the coaching staff based on the training plan and the current needs of the swimmers in each group.

## SWIM GROUP GUIDELINES

The Riptide Swim Age-Group Program is divided into numerous training groups. Swimmers are placed into an appropriate group by the coaching staff upon joining the team, thereafter most group changes occur at the beginning of short course season (September) and the beginning of long course season (Early Spring). The coaching staff look at a number of factors when

determining placement of athletes. Below is a list of factors taken into consideration when placing your children into their groups:

- Swimmer's Age
- Practice attendance
- Physical and emotional maturity
- Swimming skill development
- Attitude towards training
- Performance at championship meets

Keeping all of these factors in mind, the coaching staff discuss each swimmer and decide which training group will provide the optimal environment for them to continue their development in all aspects of our sport. Swimmers are occasionally moved during the season, but primarily most of the changes are made between short course and long course seasons.

### **White (6 - 8 years old)**

Swimmers must execute all 4 strokes. Coaching emphasis is on proper stroke technique and developing concentration, listening skills, and confidence. Swimmers will be working in a group with a positive attitude. Swim meet participation will be encouraged. Practices are offered three days per week.

### **Red (8-12 years old)**

## COMPETITION POLICIES

The current meet schedule is posted on the website and the training groups suggested to attend are listed there as well. Families should review the meet schedule regularly to see which meets are designated for their swimmer(s) to attend. The age group program generally has one regular

competition per month for all levels in addition to the four main championship meets of the year.

### **Championship Meet Attendance Policy**

The required age group championship meets are:

1. Winter Age Group Championship (WAG) (*Dec 8-10, 2023*)
2. Spring 14U Champs (*Mar 14-17, 2024*) or BB MAX Champs (*Mar 23-24, 2024*) or BBmin JOmax (*Mar 9-10, 2024*)
3. June Age Group Championship (JAG) (*Jun 13-16, 2024*)
4. Summer AG Champs (*July 25-28, 2024*) or Orange Section Champs (*July 20-21, 2024*)

Age Group Swim Team participants are required to attend these four championships and participate in relays if selected. A \$75 fee will be applied to the accounts of all swimmers for each of these four championships if they decline to attend. Exemptions may be granted if a request is submitted in writing 30 days before the team entry deadline and approved by the head coach.

### **Swim Meet Timing Policy**

The team is required to provide timers during most swim meets (including championships and non-championships). Families who have swimmers participating at a swim meet are responsible to cover timing shifts (Swim Meet timing shifts are not part of the Age-Group Family Volunteer Policy; timing shift hours may not be bought out, and do not count towards the Family Volunteer hours commitment). We want to impress upon the families that timing is a critical and integral function for the swim meets to run, and to take the responsibility seriously.

1. Each family will be asked to time during the session(s) their swimmer(s) are entered.
2. These timing assignments will be assigned by the Timing Chair Coordinator based on the number of swimmers entered in the meet. All families assigned timing will be notified via email with their timing shift(s).
3. Any family deciding not to participate in a meet after timing shifts have been assigned must arrange to have their shift(s) covered. The timing shifts will NOT be revised due to non-participation of swimmers.
4. Each family, who has a swimmer signed up for the meet, is responsible for their own shift. If for any reason you are unable to time at the meet, it is your responsibility to make arrangements with someone, 18 or older, on the timing assignments who can competently perform the timing task.
5. The duration of a timing session will be determined by two factors: the length of the meet and how many timing chairs RIPT is assigned. In general, a timing shift will last between 0.5 and 2.0 hours.
6. The order in which families are listed for timing assignments is based upon when their swimmer will be competing. If your swimmers are entered in earlier events, you will be assigned in the early shift. If your swimmers are entered in later events, you will be assigned in the late shift.

7. At the meet, for each session timers must check in by initialing next to their name on the assignment clipboard (hanging at the team EZ ups) to confirm that they are present. At the beginning of each session, timers should also confirm the start time for their shift as the meet start times often shift slightly from the planned start time (especially in the afternoons).
8. Parents of swimmers in the long distance events (400 IM, 400/500 Freestyle, 800/1000 Freestyle or 1500/1650 Freestyle) are responsible for timing 3 heats of those events in addition to your regular swim meet timing obligation.
9. Timing for the Finals of Championship meets are assigned to teams each day after the Prelims. Families of swimmers participating in Finals Sessions for both individual events and relays are obligated to time. Parents shall check for assigned timing chairs at the beginning of the finals session warm-ups.
10. Failure to show up for your timing shift without prior arrangement will result in a \$25 penalty fee to be charged on the next monthly bill.

  - i. Although we strive to have small classes and attentive instructors, it only takes an instant for a child to slip underwater. If this occurs, please alert us immediately in any way possible. And when this occurs (and it does), the impact of the event will depend on the reaction of the parent. If

possible, try to keep your momentary concern concealed behind a smiling, encouraging face, in which there will be a very good chance your child will recover very quickly from the incident. We want to keep our students safe and nothing works better than having the helpful eyes of their parents and guardians on their activities at all times.

- c. All students should be escorted by a parent or guardian to the swimming pool and checked in with the instructor.
- d. All students must be walked out of the facility at the end of their lesson by a parent or guardian

If your student is more than 10 minutes late for a lesson, he or she will not be allowed to join that lesson.

## Appendix 1: Age Group Competition Entry Procedures

An email notice will be sent out approximately one week prior to the sign up deadline for each meet. Before the deadline, you must commit to attend and state which days/sessions you will be available. Please follow the procedure below to commit to a meet.

Log into your Team Unify account, click on the “Events” tab, then select the meet. You will also find the link to the meet information sheet in this area (the meet information sheet provides all the specific details for the meet such as entry fees and special entry rules like maximum swims per day and award information).

If you ARE GOING:

- Click on the Declaration dropdown and select ‘Yes’
- Next select each day/session you plan on attending
  - If you click on a session it will expand and show the events that will be run in that session

If you are NOT GOING:

- Click on the Declaration dropdown and select No Thanks, [Name] will NOT attend this meet

After the deadline, the coaching staff will review all declarations and select events for the swimmers to swim . Then you will receive another email containing the “Entries for Review” report. You will have one day to check and confirm the events and times of your swimmer’s entries and email any corrections change requests to [meetentries@ocriptideaquatics.org](mailto:meetentries@ocriptideaquatics.org). Please note- the coaching staff will make every effort to accommodate requests but ultimately will decide which races a swimmer may or may not enter.

Upon completing the review process, the “Final Entries” report will be emailed to all the families.

The procedure above is used for most swim meets, but some meets such as regional meets and invitationals may have different entry procedures which require an alternative method; you will be notified in those cases. Also, for some of the championship meets the coaching staff may elect to enter all eligible athletes first and then ask if anyone needs to be scratched from the meet (attendance at all Championship meets for eligible swimmers is mandatory).

## Appendix 2: Swim Meet Tips for Parents

**Rest** - Make sure your swimmer(s) get a good night's sleep and pack the night before the meet.

**Programs** - May be purchased for a nominal fee and contain information about swimmer's events and heats. Double check your child's events for the meet and speak to the coaches if there are any errors.

**Tents, Canopies & Chairs** - Even when the weather isn't wet, swimmers enjoy having a shaded place to rest and hang-out during races. Many families bring a portable tarp and/or tent to hang-out. Bring a chair(s) for your swimmer(s). Look for our team when you arrive at the swim meet. Usually teams set-up their tents in a group area to create a "home base". The kids can socialize and everyone can look after each other's kids, especially when you are volunteering on deck. Please be mindful that swimmers have the priority to occupy the Team's tents. If you plan to have additional family members attending, other than your swimmer(s), please consider bringing your own tent.

**Volunteering** - Don't forget to check in with timing chair coordinators for your timing shift. Remember the meets only run based on volunteer participation.

**Snacks** - While food is available at most swim meets, it's not always nutritional. Parents are encouraged to plan ahead and bring healthy snacks for their children. Having all that you need on hand makes for a relaxing day for swimmers and parents. It is a good idea for kids to snack after each race because they don't always have time to digest a big meal. Some suggestions include: crackers with cheese or peanut butter, applesauce, fruits, dried nuts, yogurt, veggies and dip.

**Swimmer Responsibilities** - Ensure that your swimmer has checked with the coach upon arrival, before and after each race, and before leaving the swim meet. Your swimmer may be in a team relay or in a "final" so it's important to check before leaving.

**Monitor Behavior** - monitor your swimmer's behavior, set geographic / territorial limits (know where they are) you are responsible for your child. If parents must leave the pool area or do their timing shift, delegate the responsibility for the child to another adult. Take young kids to the bathroom before taking them to marshaling for their events.-

**Relax & Enjoy** - consider this your "camping" weekend with the kids, their friends and families they will remember this time together!-

## Appendix 5: Action Plan of OC Riptide Aquatics to Address Bullying

### PURPOSE

Bullying of any kind is unacceptable at OC Riptide Aquatics (“OC Riptide”) and will not be tolerated. Bullying is counterproductive to team spirit and can be devastating to a victim. OC Riptide is committed to providing a safe, caring and friendly environment for all of our members. If bullying does occur, all athletes and parents should know that incidents will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to tell a coach, board member or athlete/mentor.

### Objectives of OC Riptide’s Bullying Policy and Action Plan:

- To make it clear that OC Riptide will not tolerate bullying in any form.
- To define bullying and give all board members, coaches, parents and swimmers a good understanding of what bullying is.
- To make it known to all parents, swimmers and coaching staff that there is a policy and protocol should any bullying issues arise.
- To make how to report bullying clear and understandable.
- To spread the word that OC Riptide Aquatics takes bullying seriously and that all swimmers and parents can be assured that they will be supported when bullying is reported.

### WHAT IS BULLYING?

The USA Swimming Code of Conduct prohibits bullying. Generally, bullying is the use of aggression, whether intentional or not, which hurts another person. Bullying results in pain and distress. The USA Swimming Code of Conduct defines bullying in 304.3.7. Bullying is the severe or repeated use by one or more USA Swimming members of oral, written, electronic or other technological expression, images, sounds, data or intelligence of any nature (regardless of the method of transmission), or a physical act or gesture, or any combination thereof, directed at any other member that to a reasonably objective person has the effect of:

- Causing physical or emotional harm to the other member or damage to the other member’s property;
- Placing the other member in reasonable fear of harm to himself/herself or of damage to his/her property;
- Creating a hostile environment for the other member at any USA Swimming activity;
- Infringing on the rights of the other member at any USA Swimming activity; or
- Materially and substantially disrupting the training process or the orderly operation of any USA Swimming activity (which for the purposes of this section shall include, without limitation, practices, workouts and other events of a member club or LSC).

### REPORTING PROCEDURE

An athlete who feels that he or she has been bullied is asked to do one or more of the following things:

- Talk to your parents;
- Talk to an OC Riptide Coach, Board Member, or other Safesport Officer
- Write a letter or email to OC Riptide Coaches, Board Members, or Safesport Officer (safesport@ocriptideaquatics.org)

- Make a report to the USA Swimming Safe Sport staff. There is no express time limit for initiating a complaint under this procedure, but every effort should be made to bring the complaint to the attention of the appropriate club leadership as soon as possible to make sure that memories are fresh and behavior can be accurately recalled and bullying behavior can be stopped as soon as possible.

### **HOW WE HANDLE BULLYING**

If bullying is occurring during team-related activities, STOP BULLYING ON THE SPOT using the following:

- Intervene immediately. It is ok to get another adult to help.
- Separate the kids involved.
- Make sure everyone is safe.
- Meet any immediate medical or mental health needs.
- Stay calm. Reassure the kids involved, including bystanders.
- Model respectful behavior when you intervene.

If bullying is occurring at our club or it is reported to be occurring at our club, we address the bullying by FINDING OUT WHAT HAPPENED and SUPPORTING THE KIDS INVOLVED using the following approach:

#### FINDING OUT WHAT HAPPENED

First, we get the facts.

- Keep all the involved children separate.
- Get the story from several sources, both adults and kids.
- Listen without blaming.
- Don't call the act "bullying" while you are trying to understand what happened.
- It may be difficult to get the whole story, especially if multiple athletes are involved or the bullying involves **social bullying** or **cyberbullying**. Collect all the available information.

Then, we determine if it's bullying.

Here are many behaviors that look like bullying but require different approaches. It is important to determine whether the situation is bullying or something else.

- Review the USA Swimming definition of bullying;
- To determine if the behavior is bullying or something else, consider the following questions:
  - What is the history between the kids involved?
  - Have there been past conflicts?
  - Is there a power imbalance? Remember that a power imbalance is not limited to physical strength. It is sometimes not easily recognized. If the targeted child feels like there is a power imbalance, there probably is.
  - Has this happened before? Is the child worried it will happen again?
  - Remember that it may not matter who started it." Some kids who are bullied may be seen as annoying or provoking, but this does not excuse the bullying behavior.
  - Once you have determined if the situation is bullying, support all of the kids involved.

### SUPPORTING THE KIDS INVOLVED

Support the kids who are being bullied

- Listen and focus on the child. Learn what's been going on and show you want to help. Assure the child that bullying is not their fault.
- Work together to resolve the situation and protect the bullied child. The child, parents, and fellow team members and coaches may all have valuable input. It may help to:
- Ask the child being bullied what can be done to make him or her feel safe. Remember that changes to routine should be minimized. He or she is not at fault and should not be singled out.
- Develop a game plan. Maintain open communication between OC Riptide and parents. Discuss the steps that will be taken and how bullying will be addressed going forward.
- Be persistent. Bullying may not end overnight. Commit to making it stop and consistently support the bullied child.

### ADDRESS BULLYING BEHAVIOR

- Make sure the child knows what the problem behavior is. Young people who bully must learn their behavior is wrong and harms others.
- Show kids that bullying is taken seriously. Calmly tell the child that bullying will not be tolerated. Model respectful behavior when addressing the problem.
- Work with the child to understand some of the reasons he or she bullied. For example:
- Sometimes children bully to fit in or just to make fun of someone is a little different from them. In other words, there may be some insecurity involved.
- Other times kids act out because something else—issues at home, abuse, stress—is going on in their lives. They also may have been bullied. These kids may be in need of additional support.
- Involve the kid who bullied in making amends or repairing the situation. The goal is to help them see how their actions affect others.

For example, the child can:

- Write a letter apologizing to the athlete who was bullied.
- Do a good deed for the person who was bullied, for OC Riptide, or for others in your community.
- Clean up, repair, or pay for any property they damaged.
- Avoid strategies that don't work or have negative consequences:
- Zero tolerance or "three strikes, you're out" strategies don't work. Suspending or removing from the team swimmers who bully does not reduce bullying behavior. Swimmers may be less likely to report and address bullying if suspension or getting kicked off the team is the consequence.
- Conflict resolution and peer mediation doesn't work for bullying. Bullying is not a conflict between people of equal power who share equal blame. Facing those who have bullied may further upset kids who have been bullied.
- Follow-up. After the bullying issue is resolved, continue finding ways to help the child who bullied to

- Understand how what they do affects other people. For example, praise acts of kindness or talk about what it means to be a good teammate.

### ***SUPPORT BYSTANDERS WHO WITNESS BULLYING***

Every day, kids witness bullying. They want to help, but don't know how. Fortunately, there are a few simple, safe ways that athletes can help stop bullying when they see it happening.

- Be a friend to the person being bullied;
- Tell a trusted adult your parent, coach, or club board member;-
- Help the kid being bullied get away from the situation. Create a distraction, focus the attention on something else, or offer a way for the target to get out of the situation. "Let's go, practice is about to start."
- Set a good example by not bullying others.
- Don't give the bully an audience. Bullies are encouraged by the attention they get from bystanders. If you do nothing else, just walk away.

exposed while wearing swimwear which conforms to the current concept of the appropriate for the individual's competition category.

## VI. Showers

- a. Adult Participants must not shower with Minor Athletes unless:
  - i. The Adult Participant meets the Close-in-Age Exception; and/or
  - ii. The shower is part of a pre- or post-activity rinse while wearing swimwear.
- b. Parents/legal guardians may request in writing that their Minor Athlete(s) not change or shower with Adult Participants during In-Program Contact. USA Swimming must abide by such a request.

## VII. Monitoring

USA Swimming must regularly and randomly monitor the use of locker rooms and changing areas to ensure compliance with this Policy. Locker rooms and changing areas may be monitored by use of the following methods:

- a. Conducting a sweep of the locker room or changing area before athletes arrive;
- b. Posting staff directly outside the locker room or changing area during periods of use;
- c. Leaving the doors open when adequate privacy is still possible; and/or
- d. Making occasional sweeps of the locker rooms or changing areas with women checking on female locker rooms and men checking on male locker rooms.

Every effort must be made to recognize when a Minor Athlete goes to the locker room or changing area during practice and competition, and, if the Minor Athlete does not return in a timely fashion, to check on the Minor Athlete's whereabouts.

## VIII. Parents/legal guardians in Locker Rooms or Changing Areas

If a parent/legal guardian enters a locker room or changing area, it must only be a parent/legal guardian of the same competition category and the parent/legal guardian should notify a coach or administrator in advance.

## **MASSAGES, RUBDOWNS AND ATHLETIC TRAINING MODALITIES**

### I. General Requirement

Any In-Program Massage performed on an athlete must be conducted in an observable and interruptible location and must be performed by a licensed massage therapist or other certified professional. However, even if a coach is a licensed massage therapist, the coach must not perform a rubdown or massage of an athlete under any circumstance.

### II. Additional Minor Athlete Requirements

- a. Written consent by a parent/legal guardian must be obtained in advance at least annually by the licensed massage therapist or other certified professional which can be withdrawn at any time.
- b. Parent/legal guardians must be allowed to observe the Massage, except for competition or training venues that limit credentialing.

c. Any Massage of a Minor Athlete must be done with at least one other Adult Participant physically present and must never be done with only the Minor Athlete and the person performing the Massage in the room.

e. Any Massage of a Minor Athlete must only occur after a proper diagnosis from a treating physician and be done in the course of care according to the physician's treatment plan.

## Appendix 7: Masters Etiquette Guidelines

### Swimming With Orange County Riptide Masters

Our pool is often filled to capacity, with swimmers ranging in ability and experience. Follow these guidelines to avoid conflict and ensure everyone has a safe and enjoyable swimming experience.

**1. Lane designations.** Always try to swim with swimmers of a comparable speed. We usually have two lanes each designated as slower, medium, and fast. These are relative terms. Ask the coach or other swimmers if you are unsure which lane to join. The coach may reshuffle lane assignments after warm-up, depending on how crowded the lanes are. Arrive before the warmup ends so that the coach can reorganize the lanes and start the workout on time.

**2. Joining a workout.** After a short warm-up period, the coach will begin explaining the workout. Be quiet and listen to the coach's instructions so that you and your teammates will understand the upcoming set. Then quietly discuss how to implement that set in your lane so that the coach can be heard by adjoining lanes.

Please be on time. If there is a workout set already in progress when you arrive, it is the coach's discretion to determine if you may join the workout or not. Please respect the coach's decision. Enter the pool safely and join the set in progress. If you arrive early before the prior workout has completed, ask the coach for permission before entering the pool during that workout.

**3. Entering the pool.** Please wait until the lifeguard or coach gives permission to enter the pool. Never dive into the pool; always enter feet first. If a swimmer is at the flags approaching the wall, wait on deck before entering the pool. Before jumping in behind another swimmer, wait until they have moved past the flags. Do not assume they have seen you.

**4. Swimming pattern.** Because we typically have three or more swimmers in a lane, we must circle swim, which is done in a counterclockwise direction. If there are two swimmers per lane, especially if they are of different speeds, the coach may suggest that they split the lane so that each person swims up and back on one pre-determined side.

When circle swimming, push off the wall 5 seconds after the prior swimmer. **Do not swim closely to the person in front of you** as it may interfere or hinder their flip turns. When there are only two or three swimmers in a lane, and the workout consists of shorter swims (200 yards or less), you can push off the wall 10 seconds after the prior swimmer. If you are catching up to the person in front of you and able to tap their feet, discuss changing positions with them or allow more time before pushing off the wall (if your lane is not too crowded).

Push off underwater. This will reduce the waves encountered by oncoming swimmers (and give you more distance off your start).

Whenever a swimmer is circle swimming behind you in the lane, be sure to execute your turn by crossing to the left side of the lane so your feet push off between the cross and the left lane line. Otherwise you push off partly in the lane of the swimmer coming up after you, compromising safety and taking up their space to come into the wall for a good turn. If the swimmer behind is too fast, ask them to give you more space at the start, or switch places with them.

**5. Speed.** Slower swimmers must yield to faster swimmers. Faster swimmers should lead the lane, but must confer with lane mates about specific send-off intervals. Do this at each practice because send-off intervals may differ at each practice and with different lane-mates.

The coach often varies the speed (e.g., fast, moderate, smooth) and the rest intervals to accomplish different goals (e.g., aerobic or anaerobic conditioning). Follow the coach's instructions; don't just race through each set at the same pace. If you are leading your lane, wait for the appropriate interval to begin swimming.

**6. Passing.** Do not pass. The lanes are too narrow. If you are being overtaken, stop at a turn on the wall only (by staying to the right of the lane), and continue 5 seconds after the other swimmer has pushed off in front of you.

**7. Standing at the wall.** Stay out of the way of swimmers coming to the wall and pushing off the wall for the next interval. Swimmers come off the wall with a lot of momentum, and should finish into the wall with a lot of momentum. Talk with your lane-mates to organize yourselves during sets so that swimmers finish into the wall and then move to the center of the lane. This allows each swimmer to come into the wall with a strong finish and also avoid those coming off the wall for the next swim.

Do not stand in the lane except at the wall in the right corner facing the coach. Always finish swimming to the wall, turn at the wall, and push off from the wall, unless a set is specified otherwise by a coach.

When standing, do not block other swimmers' ability to see the clocks.

If you need to rest, wait in the corner to the right of the lane, facing the coach, and rejoin the set only after the other swimmers in your lane have pushed off the wall a second time (i.e., after they have completed 50 yards).

Be respectful of swimmers attending the next workout session by leaving the pool when your workout is over. Save discussions for the deck or the locker rooms.

**8. General Courtesies.** Be aware of what is going on in your lane to help make everyone's experience enjoyable and safe. Welcome new swimmers. Try not to kick or swing your arms into another lane, especially if using paddles. Keep your toenails and fingernails trimmed, and do not wear fragrances in the pool.

**If you have questions or concerns, talk with the coach on deck.**
